NIPPON MARU MADE
PLEASANT PASSAGE

VENUTA MET NO
ROUGH WEATHER

Capt. Greene Unable To Steamer From Australia Take Command Docked Here This Morning

The Nippon Maru, Capt. Filmer, arrived last night at 6 p. m. from the Coast, bringing a very small passenger list and having 200 sacks of mail for this port. She reports a fine passage all the way across, Capt. Filmer saying that the good weather was shown by the arrival of the ship in an even six days from the time she left San Francisco.

The Maru was compelled to do what seems to be a regular stunt for the steamers coming here from the Coast or late, to wait four hours at anchor in the stream for mail to be taken on board. It would be interesting to see what would happen if the local mail was half an hour late. There would probably be more trouble than if the steamer sank at the dock.

Capt. Filmer, the veteran captain of the T. K. K., is still in command of the Nippon Maru, though it was expected that Capt. Greene would be able to take up his duties after his sick leave of six months. Capt. Greene himself fully expected to, and in fact did take charge of the ship while she was at the dock in San Francisco but the strain proved too much for him and the day before the Maru was to sail he broke down and Capt. Filmer was again called on to take command.

Capt. Filmer has a son who was in this port a short time ago as the captain of the Kasato Maru, also a T. K. K. boat, and the skill in navigation seems to have been handed down from father to son in this family at least. This statement pays the son a high compliment as it is recognized on the Pacific that in the position of a captain of a trans-Pacific liner Capt. Filmer Sr. has few equals.

**HOLLOWAY ASKS
LEGISLATURE
FOR MORE MONEY**

Superintendent of Public Works Holloway, who has been making up his estimate for the Governor of the amount of money that will be required to run his department during the next biennial period, figures that he will need about \$65,000 more than was appropriated by the last Legislature.

The greater part of this increase is needed for improvements and repairs to the wharves of the various ports of the Territory. Honolulu, of course will need the larger proportion of this. The Inter-Island, Sorenson and Iwao wharves and the small wharf on the Waikiki side of the Fort street wharf all need repairs and improvements.

The amount to be spent at Hilo and Hanapepe is not large. The Hilo wharf needs to be extended and widened, and it is estimated that it will take about \$15,000 to do this work. The Territory is not deriving much revenue from the Hilo wharf at present, but with the enlargement of the facilities contemplated, there would be a considerable addition to what is now received, as the Inter-island steamers would be able to dock there. The amount necessary for the work is not to come out of the general fund of the department.

About \$3,000 or \$4,000 will be needed for repairs to the Hanapepe, Kauai wharf. The improvements contemplate the erection of a derrick on the wharf.

The last Legislature appropriated \$29,000 for this branch of the Department of Public Works. Superintendent Holloway wants \$60,000 from the coming Legislature for the same branch.

The general expenses of the operation of the Department of Public Works are figured at \$50,000 for the coming biennial period, as against \$25,000 appropriated by the last Legislature.
